Definitions

Student Initiated Cancellation – occurs when a student ceases or cancels their enrolment in a course.

SFS Initiated Cancellation – occurs when the SFS cancels an enrolment in a course.

Student Initiated Suspension – occurs when a student temporarily postpones their enrolment.

SFS Initiated Cancellation – occurs when the SFS suspends an enrolment in a course.

Student Initiated Deferral – occurs when an applicant or student enrolled in the course postpones the commencement date of the course.

SFS Initiated Deferral - occurs when the SFS defers a course when a course is not offered.

Policy

SFS encourages its students to complete their course within their enrolment timeframe as shown on their Student Agreement.

SFS recognises that compassionate or compelling circumstances may arise during their studies that may lead a student to request to defer, suspend or cancel part of or their entire course.

Under the requirements of the ESOS Act and National Code if an International Student has enrolled in a course with SFS, they are not permitted to defer commencement of their studies, or suspend their studies,

except on the grounds of illness evidenced by a doctor's certificate, or other exceptional compassionate circumstances beyond the control of the student. If a student defers or suspends their studies on any other grounds, SFS must report the student to Department of Immigration and Border Protection (DIBP) via PRISMS, as not complying with their visa conditions.

If a student is found to have engaged in misconduct, refer to SFS' *Student Charter*, SFS may suspend or cancel the student's studies. A student may also withdraw from a course and thereby cancel their study for their own reasons.

SFS-initiated deferral/suspension/cancellation of enrolment

SFS may defer commencement of a course when a course is not offered.

SFS may suspend a student's enrolment on the grounds of:

- a) compassionate or compelling circumstances as may apply to the student; or
- b) misconduct by the student.

In addition, SFS may cancel a student's enrolment on the grounds of:

- a) serious misconduct by the student;
- b) unsatisfactory course progress, refer to SFS' *Monitoring Course Progress Policy and Procedure*;
- c) the non-payment of course fees in accordance with the Student Agreement and Payment Schedule;
- d) failure to re-enrol in the second half of the course;
- e) where the student is considered a threat to the well-being of staff and students.

Student-initiated deferral or suspension of enrolment

Students may, through formal procedures with SFS, be granted permission to defer the commencement date of the course they are enrolled¹ in; or if they have already commenced their course, to temporarily suspend their studies if they are unable to attend or commit to the course for a specified period of time.

For International students, this may only occur on the grounds of compassionate or compelling circumstances, which includes the unavailability of a course and student visa delay (refer to SFS' *Compassionate or Compelling Circumstances Policy and Procedure*).

SFS will inform International students that deferment or suspension of enrolment may affect their student visa.

Student-initiated cancellation of enrolment

Students who wish to cancel their studies may do so at any time. If the student withdraws from the course prior to the Census date, they will not incur a debt for that Unit of Study; however if they withdraw after the Census date, they will incur the full debt for that Unit of Study. Students may apply for a refund of fees as per SFS' *Refunds Policy and Procedure*.

For International students who have not yet completed the first 6 months of their course and are moving to another registered provider, they will need to make a formal request to transfer to another institution as per SFS' *Transfer Between Registered Providers Policy and Procedure*.

Procedure

¹ Enrolled – for Local students this means that the student has signed the student agreement and for International students this means having a Confirmation of Enrolment (CoE) with the status of 'Visa Granted' or 'Studying'.

SFS-initiated deferral/suspension/cancellation of enrolment

- a) Where a situation arises in which SFS has grounds to suspend or cancel a student's enrolment, the Admissions Officer will meet with the Director of Education and relevant staff members to assess the situation.
- b) If the outcome of the meeting is to suspend or cancel the student's enrolment, the Admissions Officer will write to the student informing them of SFS' intention to suspend or cancel their enrolment, the reasons behind the decision and for International students, the intention to notify DIBP of the change in student's enrolment status.
- c) The student will also be advised that they have 20 working days to appeal the decision in accordance with SFS' Grievances and Appeals Policy and Procedure.
- d) A copy of the letter and supporting evidence along with the documented decision will be placed on the student's file.
- e) If the student chooses not to challenge the suspension or cancellation of their enrolment, or has unsuccessfully exhausted all internal appeal processes, the suspension of study or cancellation of enrolment will be formally processed. In the case of International students, the Admissions Officer will notify DIBP of the change in the student's enrolment.
- f) The Admissions Officer will inform Accounts, the Education Administrator and the Course Coordinator of the student's deferral or suspension.

Student Appeal

If the student chooses to access SFS's *Grievance and Appeals Policy and Procedure*, SFS will maintain the student's enrolment until the internal grievance process is completed and will not notify DIBP of any change to the student's enrolment status, except in extenuating circumstances relating to the welfare of the student.

Extenuating circumstances relating to the welfare of the student may include, but are not limited to, the student:

- being missing;
- having medical concerns, severe depression or psychological issues which lead SFS to fear for the student's wellbeing;
- having engaged or threatens to engage in behaviour that is reasonably believed to endanger the student or others; or
- being at risk of committing a criminal offence.

Any claim of extenuating circumstances will need to be supported by appropriate evidence.

The National Code does not require SFS to continue providing learning opportunities through the 20 working days allowed to appeal the decision and during the internal grievance process. Based on the nature of the misconduct, SFS will decide, on a case by case basis, whether to allow the student to continue to attend class, or make alternative study arrangements for the student, or to deny the student access to study opportunities. In making such a decision SFS will consider whether denying the student learning opportunities throughout the 20 day appeal period and during the internal grievance process may disadvantage the student in their subsequent studies should the grievance process find in their favour.

Student-initiated deferral or suspension of enrolment

- a) Students may request a deferral of the commencement of their course or suspension of their studies by completing a Deferral of Enrolment form and submitting to the Student Registrar/Education Admin Manager. International students who have already been granted a visa will need to provide evidence demonstrating compassionate or compelling circumstances.
- b) If such evidence is required, the Student Registrar/Education Administrator will seek approval from the Director of Education that compassionate or compelling circumstances apply.
- c) If the applicant's request for a deferral or suspension is successful, the Student Registrar/Education Administrator will advise the applicant via email and issue the applicant with a new CoE if required.

- d) If the request is not successful (i.e. their situation does not meet the criteria for compassionate or compelling circumstances) the Student Registrar/Education Administrator will inform the applicant of the decision and notify them that they have 20 working days to appeal the decision through SFS' Grievances and Appeals Policy and Procedure.
- e) The request for deferment and any accompanying evidence will be placed on the student's file.
- f) The Student Registrar/Education Administrator will inform Accounts, the Education Administrator and the Course Coordinator of the student's deferral or suspension.

Student-initiated cancellation of enrolment

- a) Students may request to cancel their studies by completing a Withdrawal form and submitting to the Student Registrar Education Admin Manager.
- b) In the instance where an International student who has not yet completed the first 6 months of their course wishes to transfer to another provider they will also need to submit a Request to Transfer Between Registered Providers form, refer to *Transfer Between Registered Providers* Policy and Procedure.
- c) The Student Registrar/Education Administrator will process the student's request and inform the student of the outcome, and if relevant issue a Letter of Release. For International students, the Student Registrar/Education Administrator will also cancel the student's CoE via PRISMS.
- d) The request for cancellation and any accompanying evidence will be placed on the student's file.
- e) The Student Registrar will inform Accounts, the Education Administrator and the Course Coordinator of the student's cancellation.
